### Body Recovered from the Raritan River

At approximately 12:15pm New Brunswick police and fire department personnel responded to the Raritan River to investigate a report of a possible body in the river. The first responders located the body of an adult male in the water near the boat slips of New Brunswick Landing. Members of the Middlesex County Prosecutor's Office and the Middlesex County Medical Examiner's Office responded to the scene as well. A preliminary investigation does not show any signs of foul-play; however, a final determination will not be made until an autopsy is complete. The identity of the deceased is being withheld until the proper next of kin can be notified.
