135 Crash Description

On May 1, 2016 my partner (P. Swindell) and I (E. Gomez) were detailed to a hit and run motor vehicle accident report at approximately 20:51 hours in the area of 10 Landing Lane. Upon our arrival we spoke to the driver of vehicle 1 Vincent Nicotra who stated the following:

Nicotra stated that he was driving on Landing Lane, coming from the direction of Easton Avenue headed towards George Street. Nicotra came to a stop on Landing Lane due to other vehicles being stopped on front of him. Subsequently a vehicle came from behind striking Nicotra's vehicle. The vehicle (described as a dark color Mercedes Benz) then reversed, conducted a U-Turn and fled the scene of the accident. Nicotra attempted to obtain the registration of the vehicle but was unsuccessful.

Nicotra's vehicle sustained severe damage to the rear of his vehicle. He refused medical attention at this time. A search of the area was conducted for the vehicle that fled and was met with negative results.

135 Crash Description

On Monday May 2nd, 2016 at approximately 12:21am the undersigned officer assigned to marked patrol unit 934, attired in the full uniform of the day was dispatched by Police Communications to the area of Albany Street and Burnett Street, for a reported Motor Vehicle Collision.

Upon arrival, we located a single vehicle into an embankment. The driver of this vehicle explained she was traveling northbound on Albany Street and was in the process of turning right onto Burnett Street. As she took the turn, the rear end of her vehicle began to slide and she lost control of the path that the vehicle was traveling. The vehicle struck the left side curb of Burnett Street and came to a rest in the grassy embankment.

Vehicle 1 sustained no visible damage and was later able to be driven from the scene. I offered the driver medical attention and she refused the same. I have nothing further to report at this time.

135 Crash Description

Driver #1 stated she was driving west bound on New St toward George St when she observed vehicle #2 exiting from an unknown lot (rear of 303 George St) on the right side and suddenly striking her vehicle on the right passenger side. Driver #1 then suddenly lost control and struck vehicle #3 which was in front of her.

Vehicle #1 was observed to have moderate damage to the right passenger side of the vehicle and major damage to the front right side of the vehicle.

Vehicle was towed by Dependable Towing.

Driver #2 stated she was exiting the lot (rear of 303 George St) and attempting to merge onto New St. An unknown vehicle stopped so she could enter the lane. She attempted to enter New St when she observed vehicle #1 drive by and side swipe the front of her vehicle.

Vehicle #2 was observed to have minor damage to the front of the vehicle. It should be noted that vehicle #2's front license plate was removed and damaged due to the accident. An attempt to locate the license plate proved negative at this time.

It should also be noted that to the right of the lot my attention was drawn to a construction site that's fenced in. Fences could have obstructed driver #2's view of coming traffic.

Driver #3 stated she was on New St heading toward George St when she observed vehicle #1 attempt to avoid getting into an accident. Vehicle #1 then struck her vehicle on the rear left side.

Vehicle #3 was observed to have moderate damage to the rear left side of the vehicle.

All parties involved in the accident refused medical attention at this time.

Drivers were given case numbers for their personal records.

I have nothing further to report at this time.

135 Crash Description

On 5/4/2016 at 20:46 hours, I was dispatched to 106 Albany Street for a reported motor vehicle accident.

Upon arrival, Vehicle 1 (NJ Reg Y47CBW), operated by Steven Faga, sustained damage to the front passenger side bumper. The bumper was pushed in and sustained several scrapes and scratches. Vehicle 2 (NJ Reg R29EPD), operated by Miguel Torres, sustained damage to the back driver side bumper. The bumper was partially disconnected from the vehicle and sustained several scrapes and scratches. Both Faga and Torres did not complain of pain and declined medical attention.

Faga, Vehicle 1, stated that he was in the left lane traveling east on Albany Street just past George Street. Faga realized he needed to get into the right lane for the exit he needed. It was at this time Faga merged into the right lane and struck the rear driver side bumper of Vehicle 2. Torres, Vehicle 2, stated that he was in the right lane traveling east on Albany Street just past George Street. He was slowing down in traffic when Vehicle 1 struck him from behind.

Due to the nature of the accident, Vehicle 1 and Vehicle 2 were operational and no further action was needed.

135 Crash Description

I also responded to the scene to assist and saw that there was 3 vehicles involved in the accident. One of the vehicles was a large blue truck with heavy damage to the front. The second vehicle was a silver Hyundai that had heavy damage to the rear and front of the vehicle. That vehicle was also facing on coming traffic. The driver and the passenger in the vehicle were both being checked by fire and EMS. They were both trapped inside the vehicle. The third vehicle had heavy damage to the rear and was pushed approximately 200 feet further up the road.

I spoke to the driver (Thomas Cicerale) of vehicle #1 (NJ-XX909U) and he stated that he was traveling southbound on US HWY 1 South. He then took the ramp to get onto Route 18 North. He stated that he saw that the traffic light was green at the intersection of Route 18 North and Paulus Blvd. He continued to drive and saw that the vehicles in his lane were not moving. He stepped on his brakes to slow down. He tried to change lanes but was unable. As he got closer to vehicle #2 he then applied his brakes again and struck the rear of vehicle #2. Vehicle #2 struck the rear of vehicle #3 and then spun out. It should be noted that there was 2 long strips of skid marks that were from the truck. It appeared that the truck driver applied his brakes and then eased up on them and then applied them again before contact.

I went to Robert wood Johnson Hospital to speak to the driver (John Thompson) of vehicle #2 (NJ- WFS93P). Due to his injuries I wasn't able to get much information about the accident. He didn't remember what happened. Officer Cahill and myself were able to speak to the passenger (Deneen Thompson) and she state that they were stopped at the intersection of Route 18 North and Paulus Blvd. The vehicle in front of them was not moving. They tried to change lanes but were unable to. At this point they were struck from behind by the blue truck and they struck the rear of vehicle #3. There vehicle spun around till it stopped in the middle of the intersection. He suffered a concussion, he had pain and cuts to the back of his head, complained of pain to his right lower leg and bleeding in the brain. She complained of pain to her chest, back, shoulders, neck and back of her legs. She suffered an abrasion to the right side of her forehead and a broken right scapula. They were both transported to Robert wood Johnson Hospital for treatment of there injuries.

I spoke to the driver (Eric Goldman) of vehicle #3 (PA- HLT8686) and he stated that his vehicle broke down when he was stopped at the red traffic light. Which was located at the intersection of Paulus Blvd. and Route 18 North. When he couldn't turn his vehicle on he called the police and advised of his location and that he was broken down. Approximately 5 minutes later he was struck from behind by vehicle #2. He was transported to Saint Peters Hospital for treatment of his injuries. He complained of pain to his back and head.

I spoke to the witness (Ian Green) who stated that he was in a vehicle with his sister (Amanda Green). They were traveling westbound on Route 18 North. They saw when the accident occurred and Mr. Green began to check on the passengers in vehicle #2. He stated that the male was unconscious and the female was going in and out. He assisted them till EMS arrived.

135 Crash Description

Driver of V1 stated, she was traveling southbound in the left lane of Route 18. As she was coming around the bend near the ramp to get onto Route 1 South, she began to lose control of her vehicle. Her vehicle began to swerve back and forth and she attempted to regain control of her vehicle. Driver of V1 was unable to regain control and her vehicle veered off to the left side shoulder striking several traffic barrels filled with sand. The initial impact caused her vehicle to spin and she ultimately came to a stop after striking the concrete barrier.

Dispatch informed DOT about the motor vehicle collision involving their traffic barrels. They were informed that some of their traffic barrels had been damage and the sand they contained was now in the roadway. DOT stated that they would be sending someone out to assess the damage.

135 Crash Description

Driver #1 Stated: That while attempting to make a left turn onto Easton Avenue from Huntington Street he observed a fire truck with its emergency lights and sirens activated entering the intersection in front of him. He further stated that the turn signal at the intersection of Easton and Huntington had turned green for him and he did not see the emergency fire vehicle until he was half way through the intersection. After seeing the fire truck, driver #1 came to a stop in the middle of the intersection blocking the emergency vehicle from proceeding. He then stated that the driver of the emergency vehicle waived his hand and gestured for him to move out of the way. At this time vehicle #1 accelerated, jumped the curb, and collided with the traffic control light on the other side of the intersection severing the pole from its base. Both the driver of vehicle #1 and his passenger were uninjured during the collision. His vehicle sustained heavy damage to the passenger side front bumper and fender, and was towed from the scene.

Witness #1 & #2 Both stated that while driving their emergency fire vehicle to a 911 call, through the intersection of Easton Avenue and Huntington Street, vehicle #1 pulled out in front of them blocking the intersection. They then gestured to driver #1 to move out of their way, when they witnessed vehicle #1 jump the curb and collide with the traffic control light on the other side of the intersection. It should be noted their vehicle was not involved in the collision.

It should also be noted that the County Road Department was notified of the incident and promptly arrived on scene to repair the traffic control light.

135 Crash Description

Driver, Vanessa Harris, was traveling south on Jersey Avenue at the time of the accident. At that time, she swerved to the right of the road and struck a fire hydrant. Subsequently, she struck a utility pole as well. There was massive damage to the front of her bumper and air bag deployment. Harris did not complain of any pain or injuries and refused medical attention several times.

It was determined that Harris was driving while under the influence of alcohol/narcotics and was placed under arrest. See CIR for more details regarding the incident.

135 Crash Description

Vehicle #1 and vehicle #2 were traveling on State Rout 18 North approximately 500 feet from US Highway 1.

The driver of vehicle #1 stated, she was in the middle lane approaching the US Highway 1 North exit. The driver of vehicle #1 continued stating, vehicle #2 was in the right lane also approaching the US Highway 1 North exit. The driver of vehicle #1 explained, as she was traveling straight, vehicle #2 attempted to cross through lanes to stay on State Route 18 North and avoid the exit. While crossing lanes, vehicle #2 hit vehicle #1 and continued traveling on State Route 18 North.

The occupants of vehicle #1 described vehicle #2 as a blue small car with a registration (NJ-F73GAV). A DMV search was conducted of the given registration. The result matched the description of vehicle #2 (see box # 68-75). Attempts were made to contact the registered owner of vehicle #2. However, the results were negative response.

The occupants of vehicle #1 stated no injuries

135 Crash Description

Driver #1 stated that she was traveling eastbound on Louis Street. She stated that she maneuvered slightly to the right to attempt to make a left turn into a driveway. She stated that she had to wait for a vehicle to pass to make a clear left turn. As she did so, she then accelerated to make the left turn. When she did so, Vehicle #2 was passing Vehicle #1. This caused Vehicle #1 to strike Vehicle #2. Vehicle #1 sustained damage to its rear left bumper. All passengers of Vehicle #1 had no complaints of injury and refused medical attention.

Driver #2 stated that she was traveling eastbound, behind Vehicle #1, on Louis Street. She stated that she observed Vehicle #1 pull over to the side of the road as if it was going to park. She stated that she slowed down, and once she observed what she thought was Vehicle #1 parking, then began to accelerate to continue driving eastbound on Louis Street. Driver #2 stated that as she began to accelerate again, Vehicle #1 abruptly re-entered the eastbound lane of Louis Street and struck her vehicle. Vehicle #2 sustained right front end damage. Both passengers refused medical attention, and had no complaints of injury.

It should be noted that on scene, Driver #2 and her passenger, John Noonan, informed me that Driver #1 was not operating Vehicle #1 when the accident occurred. Both, Driver #2 and John Noonan, stated that Eliut Banos, who is unlicensed, was operating Vehicle #1 when the accident occurred. They stated that Eliut Banos exited the vehicle, and Maribel Lopez Jimenez, who was in the back left passenger seat, took the driver's seat position. Eliut Banos and Maribel Lopez Jimenez denied doing so. Maribel Lopez Jimenez appeared to be nervous, and distruthful when explaining the details about the accident to me.

135 Crash Description

Driver 1 stated that she was stopped in traffic when vehicle 2 struck her from behind. Driver 1 wrote down the plate of vehicle 2 before driver 2 fled the scene. The back seat passenger in vehicle 1 struck her head and complained of head pain. EMS responded but the passenger in vehicle 1 refused to go to the hospital.

After running the plate of vehicle 2 which fled the scene it was located at the house of driver 2. Driver 2 refused to answer any questions and was issued several motor vehicle summons.

The damage on vehicle 2 matched the damage on where vehicle 1 was hit. Paint transfer matched both vehicle 1 and vehicle 2.
