135 Crash Description

On Monday, May 23, 2016, I was dispatched to the area of Route 18 South and Naricon Pl. for a single vehicle accident with injuries. Dispatch advised me that an Officer is already out with the accident and the driver is complaining of chest pain and heart pain.

Upon my arrival, I located the vehicle and the officer. The driver (Eva Jakabfi) of the vehicle (NJ-ZCX76X) was already in the ambulance and heading to Robertwood Johnson Hospital for treatment of her injuries. Her vehicle had heavy damage to the front passenger side. I spoke to the State Trooper, who was at the scene. He stated that he saw the accident. Her vehicle was traveling eastbound on Route 18 South in the bottom lane. She was just passing the exit ramp for USHWY 1 South. He saw her vehicle crash into the medium on the right side. The passenger side of her vehicle struck the medium. Her vehicle went up and down and she continued to drive eastbound on Route 18 South. He tried to get her to stop her vehicle but she continued to drive. He had his emergency lights and sirens on but she continued to drive. He was finally able to get her to stop at the next street, which was Naricon Place. He advised me that when he told her that she struck something she told him that she didn't hit anything. That she was on her way to the Doctors office. She was not aware that she struck the divider.

When I arrived at the Hospital, I spoke to the nurse. The nurse told me that Ms. Jakabfi doesn't remember being in an accident or what happened. I was unable to speak to Ms. Jakabfi due to the fact that she was being treated for her injuries. The nurse told me that she didn't suffer any major injuries but that her heart rate was very high.

On 05/23/2016 at approximately 1820 hours, the undersigned and P.O. Riepenhoff responded to the intersection of Livingston Ave/Charles St. on a report of motor vehicle accident. Upon arrival the undersigned observed three vehicles with heavy damage off to the side near the curb area. None of the vehicle's were occupied at the time of our arrival.

The undersigned was able to locate the operator of vehicle #1, who stated that she was driving and attempted to help one of the passengers (baby) in the rear seating area. She then stated that she suddenly struck the parked vehicle's with the right front of her vehicle. The operator refused medical treatment for herself and all passengers inside the vehicle. Do to the age of the passengers and the damage done to all three vehicle's the undersigned advised dispatch to send E.M.S. for an evaluation. E.M.S. and New Brunswick Fire Department arrived on scene a short time later, all occupants of vehicle refused medical services on scene. The operator of vehicle #1 was unable to provide the undersigned with her license or any documents to the vehicle. Upon further investigation the operator of vehicle #1 (E. 135 Crash Description

On 5/24/16 at 18:32 hours, I was dispatched to 1 Spring Street parking deck for a reported motor vehicle accident.

Upon my arrival I was approached by the driver of V1 and V2. They both had no complaints of pain and refused medical attention.

The driver of V2 stated she was exiting the parking deck when V1, who was exiting the parking spot which is was located, drove into the driver side front pumper of her vehicle. V2 sustained damage to the driver side front bumper and front fender. V2 could be driven from the scene down to the exit of the parking deck but due to the damage could not be driven on the street. V1 sustained damage to the passenger side bumper and was also able to driven from the scene.

Parties involved were explained that report would be filed on the incident and how to obtain a copy of said report.

It should be noted that this report was revised on 5/25/16 due to incorrect information.

135 Crash Description

On the noted date and time, I was dispatched to 33 Georges Road for a reported motor vehicle accident with injuries.

Upon arrival, I located the victim Karla Berrio in front of 33 Georges Road. Berrio was seated at a picnic table and in obvious pain. Upon the arrival of EMS, Berrio relayed the following information. It should be noted that Berrio spoke limited English and EMS personnel provided translation.

Berrio advised that she was riding her bicycle on Commercial Avenue traveling on the sidewalk. A she neared the traffic signal located at the intersection, the directional indicated that it was clear for her to cross the street. As she was in the roadway, a vehicle impacted her and fled the scene. Berrio could not provide a vehicle description about the hit and run vehicle. Berrio then walked to 33 Georges Road where she was met by friends. It should be noted that I examined the victims bicycle that she was riding when the accident occurred. The bicycle was operable and did not sustain any damage.

I then spoke with a witness identified as Annetty Torivio. Torivio stated that she was told by a few people that a small gray or silver Acura hit Berrio and fled the scene. Witnesses went on to state the the vehicle may have been an older model Acura TL. The hit and run vehicle was traveling on Georges Road from North Brunswick. After impact, the hit and run vehicle fled the scene on Sanford Street towards Livingston Avenue. The driver was described as an older small Hispanic female.

Prior to the victim being transported to RWJUH, I spoke with the paramedics on scene. They advised that the victim possibly suffered a broken femur, broken hip, abdominal injuries, and a fractured left wrist. Despite her injuries, she is expected to recover. P/O Buckalew of the TSEU was notified that the accident occurred and the victims condition. There are cameras in the area, but they were unable to be reviewed at the time this report was completed.
